

Lawn Tennis Court Policies:

Payment Policy: Payment must be made within 48 hours of the start of your reserved time. If you have not paid by 48 hours prior, your reservation will be cancelled.

The Lawn Tennis center is part of the Arkansas Experiment Station, and adheres to the campus alcohol policy. The Experiment Station is an alcohol-free campus.

Weather policy: If the hourly forecast for your time slot, at 24 hours out from the start, has a 70% chance or greater of precipitation, your reservation will be cancelled, and you will be notified. You will be allowed to reschedule as a raincheck.

Lightning: The Lawn Tennis center follow the SEC lightning policy, which is if there is lightning within 8 miles, the session is over. If you have completed 75 minutes of your session or more, the session is over with no raincheck. If you have not yet completed 75 minutes of play, you will be allowed to reschedule your session as a raincheck.

These courts are not covered during rainfall. If the courts become unplayable due to recent weather activity before your session, the session will be cancelled. You will be notified via phone as soon as the decision is made, and given an opportunity to reschedule for a different day.

Waivers – as an official UA service center, we are required to have ALL participants sign a waiver and have it on file before play on the UofA Lawn Tennis Center. Please make sure all participants in your party have signed the waivers and submitted them.

Please send the names of all players to lawntenn@uark.edu if they are not listed on your reservation.

Thanks, and enjoy the courts!
