

## Grower Internship Program

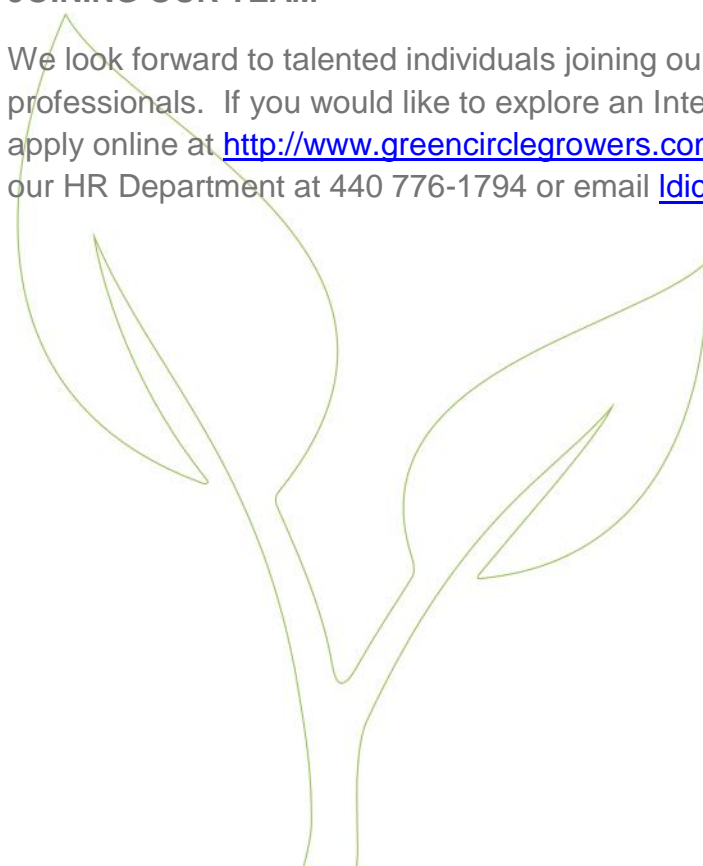

Green Circle Growers' Internship Program gives students majoring in Horticulture Programs the opportunity to work for one of the largest greenhouse operations in the Midwest. GCG is committed to introducing fresh new ideas to the market place while utilizing production methods that are efficient and environmentally conscious.

The goal of Green Circle Growers' Internship Program is to give students a hands-on experience in each specialized area. Interns will work with experienced GCG growers and staff, who guide and educate them throughout the Internship process. Some areas Interns will focus on are: Plant Watering (Priva Computer System), Biological Control Program, Insect Scouting & Recording, Soft Chemical Applications, Plant Rotations and much more.

- 16-week Spring or Fall Internship Program & a 12-week Summer Internship Program
- Paid Internship of \$9.50/hr. with additional compensation for any overtime hours that exceed 80 hours in the two-week pay period
- Separate housing for up to 7 male and 4 female Interns within walking distance to work
- A Rotating Internship Program to learn all aspects of growing in a greenhouse
- The opportunity to complete a meaningful project during your time with us
- Opportunities for full-time employment upon graduation

### JOINING OUR TEAM

We look forward to talented individuals joining our *growing* team of specialists and professionals. If you would like to explore an Internship with Green Circle Growers, please apply online at <http://www.greencirclegrowers.com/opportunities> or contact Laurie Dickens in our HR Department at 440 776-1794 or email [ldickens@greencirclegrowers.com](mailto:ldickens@greencirclegrowers.com).
